0.3 mile west of Troyer Road  
Monkton vicinity

Four churches descended from Shaw's Meeting have occupied this spot: a log house of 1803, a soapstone church of 1843, a brick church of 1889 (which later burned), and finally a brick church of 1901. This last, Gothic chapel with an entrance tower with an open belfry and spire was dismantled in 1976 after a decline in membership had caused closure of the church, which was followed by vandalism. The cemetery was still maintained as of 1978.
